Carnival Is Successful

"The first carnival ever held at the Sleepy Hollow School was a tremendous success last Saturday, not only as a fund raising project for the school, but also as a family fun-event," reported Mrs. Joseph F. Conley, president of the Sleepy Hollow Parents Club, sponsor of the carnival.

"Everyone—teachers, the principal, parents, students, younger and older brothers and sisters, and even grandparents had a day never to be forgotten. It is hoped that it will become an annual event."

Mrs. Conley, Mrs. Fred Crawshaw and Mrs. Julian Unruh, carnival chairmen, expressed their thanks to everyone who helped support the carnival.

Beautification Plan Is Presented

You Pyramiders! Won't You Guys Ever Give Up?

By NORMAN COLBY

The silly season is upon us again—oops!—I mean the Pyramid season!

It seems that a tried-and-true "Pyramid builder" is not concerned with dire warnings from the county district attorney's office, police authorities, the attorney general's office or the California Commission of Corporations.

With the approach of Christmas, the time of giving, it's time to do some getting, the Pyramider says.

DON'T YOU remember what a Pyramid is? Then you must have moved here since last December and January, when this area had turned into a giant bee-hive of Pyramid activity, and the get-rich-quick scheme had lured the most respected citizens into what retiring District Attorney Francis Collins, after some consideration, decided was a lottery, and therefore illegal.

Central county residents even went so far as to say, "The heck with the district attorney. My attorneys say it's OK, and there's no law against it. It's just good, clean fun!"

And so the Pyramids died hard in Contra Costa.

A few people with energy and perserverance who got in "early" received from $1000 to $3000 for their trouble.

THE COUNTLESS thousands of others received only the bad taste always left in the mouth, when the dive for a fast buck ends in a ridiculous posture.

Here we go again!

This time, a Pyramid Club has started in Sunset Village, Lafayette.

You can get in by paying $10. As your pyramid of other people paying $10 each fills out beneath your name, you are closer to that time when you will be the recipient of those wonderful envelopes—delivered not in the mail but personally—and the fabled thousands.

This time, to enter the pyramid you must bring three other people, instead of two, as before, and the whole deal is wrapped up in five days, rather than 11, as before.

THE CLUB is mushrooming, and spreading towards Walnut Creek.

Whether Pyramid Clubs will blanket the Bay area, as last year, is questionable.

Presumably, they still are lotteries, and their participants are liable for misdemeanor prosecution, providing someone files a complaint.

Presumably the Commission of Corporations can order misdemeanor arrests, as it threatened to do last year, should "cease and refrain" orders to individuals be ignored.

WHATEVER happens, it should be fun for the cynic to watch.

County Deputy District Attorney Dave Levy last year said, "Some people have called us and said they enjoy the Pyramid Clubs because they are making a lot of new friends that way."

He added, "But the same thing can be said about a dice game or poker game, and that doesn't make it legal. Many things enjoyable to some of the public are immoral, illegal or fattening."

Sun Candidates Night Scheduled Wednesday

What will the candidates have to say for themselves just before November 4 rolls around?

There is one sure way to find out, and that is by attending The Sun candidates night Wednesday at 8 p.m. at Acalanes High School.

It will be a "last ditch stand" for the political hopefuls, and it will probably be your last opportunity to meet them in person before election time.

IT WILL BE a busy schedule, but not too busy for the candidates who wish to speak their piece and for the members of the audience who might wish to ask a pointed question or two.

The evening will start with candidates for sheriff, who will appear from 8 p.m. to 8:30, including questions from the audience.

Candidates for Assemblyman will appear from 8:30 to 9 p.m. and those running for judge of the Walnut Cree k Judicial District from 9 to 9:30.

County Superintendent of Schools candidates will speak from 9:30 to 10 p.m. and candidates for Congress will appear at 10 p.m.

A TIMEKEEPER from the Mt. Diablo Toastmasters Club with a fast hand on the buzzer will be present to see that no candidates exceed their alloted 10 minutes at the microphone.

In addition, each candidate will be allowed rebuttal time after his opponent has spoken.

A question and answer period will be held after each set of candidates has spoken, when written questions from the audience will be accepted.

IF YOU HAVE not made up your mind as to the candidates and the issues, why not come out Wednesday and meet the facts face to face?

If you have made up your mind, come on out and root for your candidate.

Central County Gets Paint, But No New Roads

Central Contra Costa County will have some 2.8 miles of the Lafayette Bypass landscaped and have the Broadway Tunnel painted, but other than that, the State Highway Commission decided to spend its money elsewhere this year.

Contra Costa, out of $610,711,862 allocated by the Commission for the fiscal year 1959-60, received a little under seven-tenths of one per cent of the total, a grant of $4.5 million.

NO FUNDS were allocated for actual construction east of Highway 40 although money was given for right-of-way purchase along the proposed route of Franklin Canyon Expressway and the proposed Danville to Dublin Highway.

Some funds were also allocated for right-of-way purchase between Walnut Creek and Alamo.

In totals the painting of the tunnel will cost some $55,000 while the total appropriated for right-of-way was slightly over $1.5 million.

THE CONSTRUCTION monies allocated will go to Highway 40 where the end result will be 75 miles of full freeway from Vallejo to Los Gatos.

The biggest single allocation of construction money went to Los Angeles County which has 40 per cent of the state's population. Some $105 million was allocated to that county.

Several Errors Caused Row Over Sheriff Says Auditor

Sheriff Harry A. Brown is returning to Contra Costa County some $2300 which was mistakenly paid to Brown, according to an announcement from the sheriff's department.

Brown is now paying the $2300 back to the county at the rate of $500 per month after being billed by County Auditor Howard McNamer.

McNAMER SCOTCHED rumors that there were "shortages" in the sheriff's department.

Sheriff's candidate Walter Young at a meeting in Concord recently demanded that Brown explain a $2300 discrepancy due to "misuse of county cars."

Brown slammed the remarks by claiming them to be "politically inspired."

McNAMER SAID the funds had been handled incorrectly due to an "oversight in my office and others."

McNamer stated that the billing of the sheriff sought to correct the situation and he continued by adding the sheriff had already paid back some $1000 to the county.

Young, in a press statement, claimed that in his opinion, "the misuse of county cars and the amounts involved more than exceeded the circumstances which caused the recent removal of a department head following a Grand Jury investigation.

Brown, after the billing by the county, tried to get back the entire amount turned over by him to the county for civil fees and mileage since he took office four years ago.

HOWEVER, district attorney Francis Collins ruled that Brown can not legally get back $11,438 that he has deposited with the county auditor.

The sheriff has been turning back the fees, which are legally his, according to Collins, to fulfill a campaign promise of four years ago.

THE SHERIFF collects fees for delivery of state prisoners, mileage for use of sheriff-owned cars, and for serving civil papers.

Brown says he has turned over to the county $24,432 he was entitled to keep from 1955 to 1958. Since July of this year, Brown has kept some $1026 in fees.

Planting of Trees Near Crossroads Highlights Report

A plan to beautify the Orinda approach and the commercial area of the Crossroads by planting trees was announced yesterday by Mrs. Paul Pollaczek, chairman of the Orinda Beautification Committee.

Representatives of Orinda civic and garden clubs, meeting recently in the offices of Stanley Allen, approved landscaping plans drawn up by Robert M. Babcock, landscape architect.

"Planting trees along the major points of the entrance to the Crossroads area should be the first step in carrying out the plan," said Mrs. Pollacek. "These trees would, in time, help to screen the glare of the parking lots and integrate the commercial area with the state landscaping of the cloverleaf."

THE PLAN has been discussed with the County Public Works Department, Mrs. Pollaczek said, which has approved it, but says its can provide no funds for landscaping the area.

"Community organizations and garden clubs might like to donate trees," said William Penn Mott, Oakland park director who is a member of the committee.

"A plaque on each tree with the name of the organization would show it had participated in the community effort to beautify the approach to Orinda."

Cost of the plan drawn up by Babcock is estimated at $2500, which would include initial maintenance.

"I AM SURE merchants will want to lend their support to the planting program," Allen said. He will head a committee to work out a financial plan for the project.

Mrs. Pollaczek reported that Bryant Way, the frontage road along Mt. Diablo Highway, will be planted by the county in the near future.

The committee discussed varieties of pine trees that could be added to the ground cover planting. The Orinda Chamber of Commerce has been asked by the county to maintain this area after it is planted, Mrs. Pollaczek said.

The committee also discussed a proposal to join with the Planning Committee of the Orinda Association to investigate the possibility of mass-planting of seedlings at the Orinda Village Bypass.

"Mass-planting would perform the practical function of erosion control as well as help to restore the natural beauty of the area," stated Richard Bartle, chairman of the Orinda Association Planning Committee. "By acting now we can provide something which the community can be proud of in the future."

A Community Planting Day in which service organizations, garden clubs, high school clubs, Scout groups and others could participate will be discussed at the next meeting, Thursday. The Junior Chamber of Commerce has offered to help with and supervise the planting of the seedlings.

Members of the Beautification Committee and the organizations they represent:

John Miller, Junior Chamber of Commerce; Robert Waschmirth, Chamber of Commerce and Orinda Lions Club; Tom Sibary and Richard Bartle, Orinda Association Planning Committee; Mrs. Clinton Scarich, Orinda Women's Club; Mrs. Fred Rust, AAUW; Mrs. A. P. Reck, Hilltop Garden Club; Mrs. Roger Stark and Mrs. Paul Pollaczek, Orinda Garden Club; Robert M. Babcock, and William Penn Mott.

Library Service Limited Till New Building Opens

Limited service will continue at the present Orinda Library in the Community Church until the new library is dedicated November 14, according to Mrs. Bertha Hellum, county librarian.

Daily delivery of new books is suspended, with the exception of special requests. Books consigned to Orinda by the County Library headquarters staff in Martinez will be delivered directly to the new library.

With shelf space for 15,000 books in the new 4500 square foot building, contrasted with the 3000 book-capacity in the present 401 square feet, some 10,000 more books will be stocked. Approximately 7,000 of the 10,000 book stock maintained at present are always in current circulation.

To enable the Orinda library staff to handle the certain increased volume, photographic book charging equipment will be provided, said Mrs. Hellum. Orinda will be the fifth library in the county system to be equipped with photo-charging.

Installation and operation of the book charging equipment and the library moving operation are under the direction of A. J. Biggins, head of library technical services.

"Orinda residents, whose contributions made this fine, new library possible, can be justly proud of their accomplishment," added Mrs. Hellum.

Chamber Hears Discussion On Ballot Proposals

Pros and cons of propositions to appear on the November ballot were presented to members of the Orinda Chamber of Commerce at a luncheon meeting Tuesday in Casa Orinda.

Arguments in favor of measures were presented by Mrs. John H. Selley and arguments against by Mrs. James C. Keating, both representing the Contra Costa County League of Women Voters.

John Ogden, chamber president, reported on plans for dedication of the new Orinda Library at 8 p.m. November 14, and asked all chamber members to attend.

Clarence Betz, chamber secretary, discussed the hearing to be held October 28 before the County Planning Commission on rezoning of the Pine Grove tract from Administrative Offices to multiple residential, and reported that the Orinda Association was opposed to the rezoning.

Ogden suggested that the chamber postpone taking any action on the question until after the board of directors meet at noon November 6 at Casa Orinda.

Use Sacto Route For Student Walkways?

The Acalanes Taxpayers Committee has suggested that the abandoned Sacramento Northern Railroad right-of-way running west from Walnut Creek to Orinda be used as a student walkway.

John Kennedy, committee chairman, has asked trustees of Orinda, Walnut Creek and Lafayette School Districts to study the proposal, since the districts have curtailed bus transportation.

The right-of-way passes close to several schools, he said. The strip was abandoned a year ago, and the rails have been removed.

Also, the Central Contra Costa Sanitary District and East Bay Municipal Utility District are seeking to acquire the right-of-way for utility transmission lines, and other groups are studying the right-of-way for possibility of developing roadways.

Safeway Tells Of Plan To Purchase Clark's Market

Final plans have been made for Safeway to enter the Rheem Shopping Center in Rheem and to take over the operation of Clark's Market, it was jointly announced today by Quentin Reynolds, Safeway Division manager, Donald Rheem, and Jack and Chester Clark.

The amount of the proposed purchase price was not disclosed.

"We are especially pleased with Safeway's plan to continue the employment of our fine employees, and to give them every possibility for promotion opportunity within the Safeway organization, the Clark brothers stated.

IT IS PLANNED that the transfer of the store shall become effective November 3, and reopen as a Safeway supermarket on November 6. From November 2 through November 5 the store will be closed.

On Monday, Tuesday and Wednesday, after the store is officially taken over, Safeway training instructors and other company executives will work with the Clark personnel to acquaint them with Safeway operating practices.

Speaking on behalf of the Rheem Shopping Center, owner Donald Rheem expressed his pleasure at having Safeway enter into a long-term agreement to operate the supermarket at his center.

"It is gratifying that Safeway has sufficient confidence in the future of this area to want to operate a supermarket at Rheem Shopping Center.

SINCE THE CLARK brothers wish to dispose of their store, we are most pleased that Safeway has taken over the operation. We are sure they will enjoy the same success and good relations as prevailed with the Clark brothers," Rheem added.

When the supermarket opens on November 6, as a Safeway operation, it will have many of the familiar Safeway brands, as well as a new meat operation under Safeway's top quality meat program featuring USDA choice meats and beef and lamb.

The store will be supplied from the Safeway warehouses and plants in the Bay area as well as by other suppliers, providing direct delivery to Safeway Stores.

The new store will be under the supervision of Cliff Jensen, district manager for Safeway for the stores in the Berkeley, Lafayette, Walnut Creek and Pleasant Hill area.

Supervisors Okay Sale Of $232,000 In School Bonds

The Board of Supervisors Tuesday approved the sale of $232,000 worth of Orinda Union School District Bonds to First Western Bank and Trust Company.

Net interest was quoted at 3.623 per cent.

The bonds were sold, said Joseph Sheaff, district superintendent, to keep the district bonded to capacity, a requirement which has to be met before applications for allotments from the State Board of Allocations can be approved.

A large portion of the amount realized from the bond sale, Sheaff said, will be used for the $600,000 Inland Valley School to be built east of Moraga Highway off Ivy Drive.

A hearing on the district's application for the Inland Valley School will be heard by the allocations board November 12.

Plans call for 14 classrooms and two kindergarten rooms.

At a special meeting October 16 Orinda school trustees awarded a contract for grading the site for the Glorietta School addition to Gallagher and Burke, the low bidders, for $8100.

The bid was let, Sheaff explained, contingent to its approval by the allocations board.

Yale, according to the patrol, parked his truck on the steep incline; when he got out, the truck started to roll and he jumped back on trying to halt it.

Yale fell off, the patrol reported, and the truck smashed into the car of Doris H. Sanford, which was parked in the driveway of her home at 44 Lost Valley Drive.

A second passenger in the car, Alton Donne Countess of San Pablo told officers he and the dead woman were en route to visit his relatives in Southern California.

Countess told officers he was knocked unconscious in the accident and when he awakened the hitch-hiker was gone with $200 of Mrs. Madison's money.

She told investigating officers that she had stopped at a 27th Street tavern to ask for directions. Three men said they would direct her to her destination, she said.

Oh, Woe! Those Tax Bills Are Coming Our Way!

Get out the aspirin bottle.

Unlimber the old checkbook.

Take the phone off the hook and call your nearest friendly finance company.

Through the courtesy of Uncle Sam's mail department, usually known as the post office, there are 125,000 bills being distributed throughout the county.

AND ONE OF them probably has your name on it.

Robert Kinney, county treasurer-tax collector, has been happily licking stamps in preparation for mailing out 125,000 tax bills for the collection of $52 million dollars.

Of course, taxes can be paid in two installments, the first of which is due December 10, the second April 10.

IF YOU'RE real flush, you can can pay both at once, though . . . you don't have to wait.

And just so the Walnut Creek residents will feel better, their city taxes are collected by the county too, on a contract basis wih the city.

You should have received your bill by today, but if you haven't don't worry about it.

It will be coming along any day now.

Philatelists to Organize Group

A stamp collectors club is being formed for the Mt. Diablo area. William Thalyer, 389 Coronado Court, Lafayette, and Don Chamberlin, 54 Loma Victa, Walnut Creek, are making plans for the first meeting to be held at 8 p.m. November 6 at Thalyer's home.

The club will sponsor a philatelic library, arrange to have stamp experts discuss stamps before the group, have a stamp exchange and hold stamp auctions.

Children's Theater Will Stage 'Red Riding Hood'

Once again Contra Costa children will be delighted by fantasy and fairy tale in real-live theater productions presented locally when the East Bay Children's Theatre raises the curtain on its first play of the 1958-59 season, "Red Riding Hood and the Wolves," November 8 at the Stanley School in Lafayette. The play has been written to appeal to children of all ages. Two performances are scheduled, with curtain times at 10:30 a.m. and 2 p.m.

The cast consists of members of the East Bay Children's Theater and volunteers from the community under the direction of Mrs. Brent Abel, well known in the bay area as actress, director and teacher of dramatics. Sets are the designs of Richard Hughes and costume designs are by Mrs. Eleanor Johnson.

Other plays to be given in the season to come are: "Snow White," directed by Florence Schwimley with a cast of Berkeley students; "The Magic Riddle," which features a cast from the Theatre of the Golden Hind under the direction of Rachmael ben-Avram, and "The Plain Princess," directed by Bert Trullson, Acalanes High School drama coach, with a cast of his students.

Season tickets are on sale by mail order at $2 per ticket from Mrs. Brent Abel, 34 Alvarado Road, Berkeley. A limited amount of season tickets or single admissions at 65 cents will be available at the box office. Reservations can be made in advance for groups and birthday parties by calling AT 3-2041 or OLympic 5-2551.

Virgilia Peterson to Lead Tuesday Morning Forum

Returning to the west coast by popular demand is Virgilia Peterson, lecturer and literary critic, who will speak to the Diablo Tuesday Morning Forum Tuesday.

Miss Peterson charmed the Diablo Forum audience several seasons ago with her critique of current literature. Her program this time is entitled, "Does Literature Reflect the World We Live In?"

Miss Peterson, a clever speaker, combines a vibrant personality with a rapier wit. She was educated at Vassar College and the University of Grenoble in France. Her background and experience on two continents has given her profound judgment in her literary evaluations.

This program, as are all others of the Diablo Forum, is open to the public and tickets may be obtained at the Diablo Country Club door the morning of the meeting.

Suburbia Scribblings

By MARIE MONAHAN

The Legend of Sleepy Hollow

ONCE UPON A TIME there was a new Parents Club at Sleepy Hollow School and all the good Mothers & the good Fathers wanted to do something special w/all their enthusiastic spirit. So they put their wide-awake heads together and the fathers hammered & sawed and the mothers telephoned & dreamed up ideas and the children made posters & signs and everybody worked hard making friends, having a happy time.

And on the Saturday when the first School Carnival was held all day long, the Weatherman told the rain to stop raining and the sun to shine hard and all the children emptied their piggy banks & came jingling their pockets to join in the fun. And the other Mothers & Fathers & children from the other schools came too and were VERY impressed. The carnival was crowded & colorful, surpassing EVERYONE'S expectations.

WHEN ALL THE PENNIES & nickels & dimes were counted, no one could quite believe their eyes. Sleepy Hollow would not only have new books filling their library shelves, there was enough for other things, too . . . like a permanent popsicle tree or a Lemonade Faucet in every room. And all the parents & children who had worked So Hard for the fun & job well done, went to bed tired that night and slept happily ever after.

CARNIVAL TIME . . . The Indispensable Stan Hunns who worked 2 wknds, here, there & everywhere. Ditto Jean & Alan Gray who manned the Squirt Gun Booth, obviously enjoying themselves. Fran & Jim Seaman going in different directions, He to get another big roll of tickets.

And the World Was Young

At the Mike, Phil Philobosian, wearing Derby & Cane, keeping up a perfect Carnival patter. Cec Cantril, strawhatted, stopping for coffee where Millie Cutting, in aqua denim dress, was handing out Hotdogs w/a happy grin . . . Here, Jane Calhoun pausing to refresh w/her 4 youngest children. Gary Woodcock, one of the 6th grade boys staffing the Record-Breaker booth managed by the R. E. Woolcotts who were kneedeep in broken platters.

IN THE CROWD . . . Shirley Crawshaw & Helen Unruh who shared Chairman honors & headaches, looking rather pleased but bewildered as the crowds continued to arrive as late as 4 p.m. . . . Young Virginia Burde showing her loot (her pockets were stuffed w/prizes by 11:30) and telling her pals, "C'mon — I know where it's easy!" . . . Debbie Dunning, Barbara Miller, Peter Beardsley w/their chums. Rod & Laurie Spongeberg & Julie Hafner headed for the booth w/a Hallowe'en touch & appropriately titled "THE HEADLESS HORSEMAN of Sleepy Hollow" . . . where against a bkgrd. of punkins & owls, you could throw darts at a balloon that rocked back & forth atop the black-cloaked headless horseman. Freddie Morris taking his turn here, ditto Mary Lou Kilburn, Paul Majka, Dalyn Sheppard. THIS Birdie Eberhart's busy stand!

Bobbie Hamilton & Mardie Gillespie were taking their Make-Up Booth jobs very seriously . . . Heidi Haaf emerging as a Princess, replete w/a long peacock feather wand giving her that Cleopatra air. And since there was a run on peacock feathers, we wonder how the poor bird (somebody's pet?) is making out these chilly nights.

THE COUNTRY STORE was another hit — kids rummaging in the Comics & Books Box, one young Shopper carrying home a chartreuse lampshade for her mother. Here, Jack & Bobbie Reiser were in chg., SHE in a Maid's costume . . . The attractive clown on the Bean Bag Throw was artfully drawn by Barbara Grundell . . . Edward & Julie Johannesson sharing duties on the "Shave A Balloon" Booth, THEY telling friends about Julie's bumpy ride from Martinez to bring in the old-time Fire Truck that was the favorite feature of the day. Barclay Simpson & Charlie Gibbs on duty there, trying to calm the crowd of old & young alike who clamored aboard for a thrilling & thrashing ride on the big hook'n ladder bus. And oh, what a bounce! Didn't bother that boy Jeffrey Pearson, however. He spent most of the day riding back & forth, round & round (oops!) and was the official mascot, so to speak.

ON STAGE in the Multipurpose Room, a version of musical chairs called the Cake Walk for which, couldja b'lieve it, Carter, Nancy & Bill Irwin ALL won a cake apiece. On leaving, one Mother laughed to her brood, "We HAVE to go home now . . . This is ALL I've got left" . . . and her coin purse revealed a broken Brownie pin & a 4 cents stamp. Cleaned out. Well, Sleepy Hollow "cleaned up" . . . and wasn't it fun?

Two for Tea & Pots of It

WOMEN & WHIMSEY . . . Sylvia Cox, that little blonde Bundle from Britain, called up an English Chum & bid her come for lunch. Then wondering what her guest would like, asked her the same to which came back the jolly reply—"Oh, Be D——d w/the Food! Just make Pots & Pots of tea." Right-ho, ho-ho!

Vinnie Gilbert found herself VERY much on the Receiving End this week. As new Product Chrmn. for Scouts, she was to receive & store the calendars for the annual Calendar Sale. And she anticipated, Oh, maybe around 500 to be stored in her garage. Certainly NOT the 3600 that were delivered to her last Monday, prompting her husband Jack to retort in a Life With Father manner, "Confound it, Vinnie . . . can't you say NO?"

THE LITTLE ROAD of Santa Maria Way led the local ladies, one recent gorgeous day, to the bridge at the end of it, across the creek & up the pretty tree-lined path to "Seven Oaks", the handsome home of the senior Thomas Morans in Lafayette. The affair was a benefit bridge-luncheon hostessed by the women of St. Perpetua's Guild.

Slightly Warmer in the Suburbs

The gentleman from Sloane's who addressed the non-bridge players in the patio must be wearing the deepest tan in SF these days. He talked for almost 2 hrs. under a merciless sun & declined to remove his coat at the request of the sympathetic listeners who unlike him, were sheltered in the shade of the cool porch roof.

BUSY W/INTRODUCTIONS was Freddie Moran, tall & tailored in a shirtmaker chemise of green & aqua print. She shared chrmn. duties w/Ginnie Rarig while Marge Moran, Grace Lenehan were also busy in hostess capacity. Playing bridge in the dining room was June Spatz who recently moved from Orinda to Moraga, she catching comps on her fine-feathered toque hat from card cronies Clella Dittmeyer, Jane Dodd, Ruth Kuenzel of Lafayette. Ellen Harnett, a touch of fall in a clan-plaid jersey dress, she bidding adieu early to Virginia Larsen, Marian Condon, Marian Gard, Joan Holmboe, Mildred McNulty & Ginny Rei, a large group lunching together.

JERRY BAUHOFER was dashing about, bringing latecomers their lemon cake & coffee, her becoming frock of black rose print on white background, draped & shaped to a dramatic low bow in back . . . Connie Kieny, pres. of the Guild, fetching Mr. Black from Sloane's a "cooler". Tabled together, Orindans Jackie Robinson, Kay McLaren, Yvonne Meyer, Dotty Kean, Hope Fletcher, Barbara Lincoln, Frances Athanson . . . Charlene Potts was telling of the Hawaiian holiday she & George will take in November & receiving the enviable news was Sarah Lombardo, Joan Dankler, Dorothy Albright, all of Laf. Another Orinda group consisted of card experts Grace Siefker, Helen Buxton, Ellen Bowlsbey & Dena Nielson.

CALENDAR DATES . . . Sponsors & all interested persons are invited to attend the annual Orinda Art Center Tea & Exhibit next Wed. Oct. 29 at the No. 6 Woodcrest Dr. domain of the Ernest Fernstens. Time is 3-5 for a viewing of Children's & Adults' artwork, a display of pebblecraft & photos of the Dance sessions . . . Today the Orinda Orioles are brewing "Double Trouble" for guests & themselves, but having a bewitching time of it at a double bridge session, running 1-4 this afternoon & 8-11 tonight, at the Tappan Lane home of member Fran Davies. And when the Orinda Country Club Women Golfers stage the Hustle Bustle, their annual pre-Hallowe'en costume party next Fri, there'll be as much Bustle as there is Hustle to THIS one, theme being 49ers or Gay 90's which may bring out the best bustles, but hardly the best golf game afterwards. Seems a satin sash bowed back THERE would throw one's coordination slightly off balance.

THE DRAMATEURS' next doing in the Laf. Town Hall (How about a community paint job on this bldg?) will be Terrence Rattigan's "Separate Tables" which is strictly Adult Fare.

And spkg. of same, Adult Fare, Shame & Sad Sightem at the Orinda Theater night before the recent mid-week holiday. For that Bardot/Boyer pix, the show was packed w/Young Fry . . . Not just middle-aged teeners, etc, but 8, 9, 10 yr. olds whose parents came to pick them up afterward. Spoiled the show for the adults in attendance. In fact, some of them were downright disturbed & upped & left. This happens quite regularly and the problem is w/us Parents. We should know WHAT is playing before we let the kids go off to "just another movie." Crusader Rabid? Lots of us feel strongly about this!

What a wonderful tribute to Childhood Wayne Miller has presented in his new pictorial book "The World Is Young". We spent a long evening over the book and feel that he's captured All those pictures we never quite got around to making of our children. The text is as good, esp. the lovely tribute to his wife Joan on the last page.

Great Books Talks Begin

A new first year Contra Costa County Great Books discussion group held its opening meeting Wednesday at Acalanes High School in Lafayette.

Mrs. Rachel Feichtmeier of Walnut Creek and Harry Wistrich of Orinda, trained volunteers, will lead the twice monthly, 16-session series. There are no fees, educational requirements, exams, or advance registration.

Any adult interested in liberal education is invited to attend, said Mrs. Feichtmeier.

The Great Books method is round table discussion two hours every other week of great literature.

First year readings include Plato's Apology and Crito, Macbeth, Communist Manifesto and Gospel according to St. Matthew.

Further details about this all-bay area program can be obtained from local librarians, or Great Books, 68 Post, San Francisco.

Public Bus Service Cost 20c Per Ride Says Taylor

Engineering and financial studies have determined that the major transit development program proposed by the Alameda-Contra Costa Transit District can be accomplished without an increase in taxes and with a local fare of 20 cents, according to George M. Taylor, administrative officer of the district.

Speaking to members of the Mt. Diablo Business and Professional Women's Club, he said annual revenues conservatively estimated at about $13,000,000 for the first year of operation, will be sufficient to meet all costs.

"BASED ON the present levels of prices, wages and fares, our engineering studies clearly show that the transit system will be self-supporting and that the financing of all capital requirements can be accomplished without the imposition of any additional taxes," he said.

Besides increasing patronage and revenues, there are two other sources of funds for the transit district that are not available to private operators, Taylor pointed out.

The district is not subject to a number of taxes that now must be paid by private operators, amounting to about $840,000 a year.

The bulk of the amount comprises state and federal obligations.

LOCAL PROPERTY and franchise taxes the district would not pay in Alameda County total about $250,000. None are involved in central Contra Costa County. This represents to the average homeowner about 50 cents, Taylor said.

He added the transit district also does not have to earn a profit for stockholders. All told, these amounts represent more than $1,000,000 a year in extra funds the district will have available to improve public transit in the area.

TAYLOR OUTLINED a $16,900,000 bond issue which the district has on the November 4 ballot to finance its capital outlay program for buses and purchase of equipment and storage facilities.

Nearly half of the bond issue, or approximately $8,000,000, will be spent on a fleet of 334 newly designed motor coaches that are attractive and comfortable, he said.

Advisory Group Has Meeting

The Contra Costa Highway Advisory Committee met Tuesday in the supervisorial chambers at 8 p.m. in Martinez to discuss the city-county-state cooperative road study.

A review of basic concepts and a discussion of recommendations of the California Division of Highways for the state freeway system within the county was under review, according to Victor Sauer, public works director.

St. Mary's Will Hold Senior Day

Over 300 Northern California high school seniors will view Saint Mary's College life first hand October 29, as the Moraga campus holds its seventh annual Senior Day.

Under the direction of a student committee, the seniors will audit classes and laboratories in session, meet with faculty members, tour campus, and lunch in the college cafeteria. The afternoon will be devoted to a recreation program using college facilities.

Family Flees $10,000 Fire In Alamo Home

A $10,000 fire caused an Alamo family to flee their home early Wednesday morning.

Cause of the fire at the home of Mr. and Mrs. Herman F. Johninvestigation. The blaze started i nthe garage and the reflection of the flames awakened Mrs. Johnson at 4 a.m.

SHE WOKE her husband and daughter, Jerri Lynn, 15, and they fled from the burning home.

Crews from Danville and Walnut Creek brought the blaze under control. Two automobiles, a freezer and personal effects were destroyed, as well as shop tools.

Johnson is a naval architect at Hunters Point.

WALNUT CREEK'S Central Fire District units were first called to the blaze because Mrs. Johnson simply asked the telephone operator to ring a fire station.

After four Central trucks were dispatched, that department notified the Danville district, in whose territory the fire happened.

Values Of Family Life Emphasized

If Dr. James B. Trevitt had his way he would add these words to the vows of the marriage ceremony — "To live in co-operation with." Speaking to the parents of the Springhill PTA at their recent October meeting, Dr. Trevitt emphasized and elaborated on the theme of his talk, "It Takes Two Parents to Make a Home."

"We must take time to be with each other," Dr. Trevitt said in reference to the husband-wife relationship, "to help each other to grow and to atttmpt, whenever possible, to present a united front toward our children, especially in the area of discipline."

He spoke on the great values of family recreation where the entire family participates in activities together. After enumerating the goals of harmonious family living, Dr. Trevitt reminded his listeners that these goals are best accomplished when love and tenderness are obvious in the home and appreciation is shown.

Two Bond Issues and a Host of Vexing Problems....

How are you going to vote on Propositions C and D on your ballot November 4?

These are local county bond issue proposals, and they affect you in a very real way.

Proposition C calls for the issuance of $1,220,000 in 14-year bonds to acquire two office structures now under lease from the County Employees Retirement Fund. The structures are the county administration building, which has 26,000 square feet of office space and the new Pittsburg County Building which has 23,500 square feet.

PROPOSITION D calls for passage of a $1 million bond issue with an interest rate not to exceed three and one half per cent to be amortized in 15 years. The bond money will be used to finance an addition of 36,000 square feet to the administration building.

Let's look at these proposals.

County Administrator Desmond Teeter, backed up by the Contra Costa County Development Association, has pointed out that Proposition C will save the taxpayers $144,000 if the bonds can be sold a a three and one quarter per cent interest rate . . . more if the interest rate is more favorable.

It will save the county money in that the county can get bond money cheaper than the interest it is paying into the retirement fund.

WE ARE ALL for economies, and there can be little doubt that this is one.

However, there is a joker in the pack. The county can borrow no more funds from the county retirement fund. It has borrowed all it can, by law.

If, however, the bond issue is passed, the retirement fund will be repaid in full, and then the county could turn around and borrow from it again, without seeking the approval of the electorate.

In order to repay the monies it has borrowed through a bond issue, we must pass Proposition C. This is fine. But the county could, next year, or the year after, conceivably borrow more money from the retirement fund for some construction project of which the voters might not approve.

We still think Proposition C is a good thing and should be passed. But we will be watching the county. It would be most embarrassing if the county administration were to turn around in six months and try to borrow from the retirement fund again.

Proposition D is another matter. These funds will provide for the construction of an additional 36,000 square feet of office space for the county, primarily through additions to the county administration building. Much of the space would be constructed on an "addition" which would simply consist of an additional two stories being added to the present two stories.

The building was designed so that this could be done. Further, an additional wing would be constructed.

A "single meter" service system would be installed which would unify the gas, lights, water and other utility services to all county buildings, thus effecting a savings.

IT IS APPARENT that by the time this addition is completed the county will need the space—probably some time in 1960.

But "just growing like Topsy" doesn't answer all the problems either. Additional space is not going to be the answer, nor will it make the best use of available space.

A case in point is the microfilming of records. This process, which can save literally thousands of square feet of space, has been used extensively in only one department—the sheriff's department.

It has been used in a limited capacity in the auditor's department.

Teeter says the county is expanding the microfilming department "very carefully." This is true, no doubt, but it is certainly a slow process.

THE COUNTY CLERK'S office, for instance, is a place where the microfilming of records would be extremely effective, but this department has not made use of microfilming.

Further, the expansion of county office space and buildings should be in line with a general plan. A plan of some sort seems to exist, but certainly it should be spelled out so that both the county and the people know where our government is going.

Should the county offices be concentrated in Martinez? Should more departments, like the library and the county superintendent of schools office be moved to other parts of the county, as they have in this case?

If so, why, and if not, why not? These are questions which should be answered with a detailed plan outlining the projected growth of our county government facilities.

We think that the county probably has enough space for its present operations if it were to make the best use of the available space, but it is also obvious that more space will be needed in the future.

We agree that Proposition D should be passed, but with the reservation that the county has yet to demonstrate that it can make the best use of what it has got.

We support these two issues, but with reservations. We urge you to do the same.

Yes Sir, They're Fine Roads!

You know, just take a look around you at the freeway construction going on. It makes you realize that we're going to have one jim-dandy set of roads in this part of the county come a couple of years.

But there is a paradox that's almost funny. Picture to yourself 20,000 cars rushing down these beautiful divided freeways from Pleasant Hill and Alamo, from Walnut Creek and Lafayette.

The freeway picks up more cars in Orinda. By this time it is pretty well loaded, but traffic is moving right along, because, after all, that's what the freeway was designed for.

Then what happens. The squeeze play! Yes sir, all these rushing automobiles hit the Broadway Low-Level Tunnel, and that's that.

RIGHT THERE things come to a screeching halt—or at least to a poisonous crawl. Three lanes suddenly become two. The proper traveling distance between cars shrinks to the thickness of the chrome on the bumpers.

And the blood pressure of the commuters and poor drivers caught in the rat-race rises, and rises and rises.

Of course, we can't complain too much. They are building the missing link between Lafayette and Orinda, and work is progressing steadily on the huge interchange in Walnut Creek.

THEY HAVE allotted funds for the purchase of rights-of-way for the Walnut Creek-Danville freeway.

Oh yes, and they are doing some landscaping and, of all things, painting the tunnel. A restful green, we hope.

Well, the problem is already with us, and when "someday" comes around, the problem will have become practically a disaster.

We have noticed that our county board of supervisors hasn't said a single word about this tunnel, either. They might at least have put a hopeful question before the highway commission.

A question such as "When are we going to get our new Broadway tunnel?"

IT IS OBVIOUS that we did not get the freeways we now enjoy by sitting back on our rocking chairs and waiting for something to happen.

The Lafayette-Orinda stretch of freeway was given to us six to eight months ahead of the time it might have been because people got in and fought for it.

The Diablo Highway Federation, and other groups, too, went to Sacramento and battled for that freeway. Result, it is now being built.

Unless we get busy and start lobbying for a new tunnel, it will be a long, long time before anything happens.

Remember, this is commuter country. It is the job of all of us to see that Mr. Commuter gets to and from work as easily as possible, and the bottleneck under the Berkeley hills isn't helping things.

It will take a long time to build that parallel tunnel. Things will be bad befor it is completed. (Ha! They're bad now!)

Our only question is this:

How long are we going to have to endure this situation?

The Brightly-Colored Political-Type Tossed Green Salad

By NORMAN COLBY

Many ordinary folks of both political parties in Contra Costa are retaining their sense of humor and sportsmanship, sometimes even a sympathetic feeling for their opposition—in the midst of the rugged 1958 campaigns.

These campaigns, with their serious portent for the future, have carried standard bearers to new heights of oratorical passion, sired by convictions that their causes are right and the others will lead to disaster.

But the superior wisdom (or supreme disregard?) of the "common people" came home to me while sitting at the press table of a $25-a-plate Republican dinner, a couple of weeks ago.

Many newsmen had found accommodations elsewhere in the hall, so a group of latecomers found the almost empty table and made themselves at home.

My table companions turned out to be Democrats, who seemed unworried about being outnumbered.

To my amazement, the songs sung preliminary to the roast beef got full-throated and enthusiastic support from the "Demo" table!

When the food arrived, the intruders ate with equal or greater relish, ignoring any possibility that the roast beef might be politically over-done!

When the master-of-ceremonies arose, they listened attentively, whereas most of the old-faithfuls continued for a time with their earnest table discussions.

And when the speakers were introduced, no Republicans cheered louder than those "Demos" who added a polite stamping of feet to the ovations!

Of course, all was not hearts and flowers.

"Poor man" sympathized one of the ladies, as a preliminary speaker sat down. "He just doesn't understand," she mused.

I have not talked to any Republicans attending Democratic dinners, but I'm sure that they are just as willing to listen to the other guy's arguments, and are just as determined that their own leaders and philosophies are the best.

But the sound and fury of election year (and pre-election month) is only the brightly-colored salad placed beside the main course.

And ordinary folks know that the roast beef of life is a sense of common human destiny applied from day to day, election year or no.

Cry Havoc! Let Slip the Political Flint-Edged Word

By JOYCE BARNUM

En Garde !

With a mere 10 days to go before we head for the voting booths, it's time to don our asbestos ear muffs.

NOW IS THE time when entrants in the political races begin to emit flint-edged words. The sparks from these can burn our ears, unless we're prepared for them.

We've often wondered how many voters are influenced by closing campaign charges hurled about by fiery-tongued campaigners.

A large percentage of the voters is not in need of ear insulation.

They are completely insulated in layers of tradition. They vote the way grandpa did, because it's the thing to do. So much easier that way, too. No thinking necessary.

OTHERS VOTE the straight ticket of their party choice. Long ago they thought this matter over; settled upon a party and for better or for worse, they adhere to this choice.

It must be a minority of the voters who vote according to a decision made only after careful and thoughtful consideration of the candidates and the issues.

Who are the voters, then, who are influenced by final stretch verbosity?

THE CONSCIENTIOUS voters hear it, are troubled by it, but cast ballots upon the merits (or demerits) of the candidate or issue.

What a man does — most politicians have public records — speaks more eloquently for or against him than a torrent of words.

What an issue will accomplish is a matter of individual interpretation.

BOMBARDED BY propoganda for or against an issue, each voter must, in the final analysis, vote according to his interpretation of the measure after careful study.

High standards and qualities are criteria each thinking voter demands at election time.

In order to form an opinion, the ear muffs are almost essential as the runners approach the finish line with ear-splitting roars.

Out with the ear muffs, or the quiet, measured voice of past records will be drowned out by the hue and the cry.

Hazards of Transit Decline Noted by Transit District

Critical traffic congestion and additional millions spent for freeway construction will be required if public transit continues along its downhill road in the East Bay, officials of the Alameda-Contra Costa Transit District said today.

"Population in Alameda and Contra Costa counties is rising at a tremendous rate. By 1965, streets and highways will become seriously clogged unless more people ride public transit, they noted.

A $650,000,000 FREEWAY construction program planned in the two counties by the State Division of Highways assumes adequate public transit facilities will carry a large portion of the traveling public, officials said.

Riders cannot be expected to return to public transit, however, until its services are revitalized, speeded up and expanded, and made attractive, comfortable and convenient, they continued.

The transit district has readied for action a major transit acquisition and development program which it believes will draw people back to public transportation. This program has been placed on the November 4 ballot as a bond issue to buy new equipment and other operating facilities.

THESE PROSPECTS are revealed in an information bulletin, issued by the district, which answers a series of questions about East Bay transit needs.

John R. Worthington, general manager of the district, said copies of the bulletin are available at the Transit District offices, located at the Claremont Hotel in Berkeley.

"The Transit District feels a great obligation to inform people of the East Bay about the district's transit program so vital to the future of the two-county area," Worthington declared.

"DETAILS EXPLAINING why the acquisition and development program is needed, the equipment involved, and how it can be financed are given in the information bulletin, and we believe those who would use the services of the district will find it helpful in considering Measure B on the November 4 ballot."

Letters to The Editor

VOTE RECORD

Dear Editor:

In accordance with a discussion of last Saturday morning, I am enclosing a list of 41 votes on important matters of foreign policy which have come before Congress during the four years I have served in the House of Representatives.

I have voted on every one of these recorded roll calls, and my position is clearly indicated in the Congressional Record.

My opponent has not challenged the position I have taken upon a single one of these votes.

JOHN F. BALDWIN

(Ed. Note: See Under The Sun, this page.)

NICE VISIT

DEAR EDITOR:

I want to take this opportunity to thank you for taking time off from your busy schedule to allow me to stop in and chat with you, during our recent tour of Contra Costa County. The visit was very enjoyable.

I think my trip through the county was a successful one and we did accomplish some good. In the campaign weeks ahead, I believe that one of my biggest challenges will be to win greater public understanding of the Controller's responsibilities, which directly affect all Californians.

Without the help of the press, this would be an almost impossible task.

This campaign is a difficult one and I am most appreciate of the interest you have indicated.

ROBERT C. KIRKWOOD
State Controller

CHRISTMAS FUND

DEAR EDITOR:

October is nearly past and the Christmas Fund collections are far, FAR below expectations. A minimum goal of $2500 was set by the committee headed by Bert Leavitt and Bud Fuller for this year's Chamber of Commerce Christmas Program.

The response so far has been pitiful—less than $1000 received to date. Now, I am making a personal appeal to my friends; I am sure that I have some who have not yet sent in their contribution. We need your help!

Let me briefly outline some of the projects the committee has planned:

The decorations along Mt. Diablo Blvd., plus three new ones across Moraga Road; the hiring of a Santa Claus for a two weeks period, to greet the kiddies at his headquarters, or to make calls around town at various business places; Santa must have favors to pass out to children; the possibility of again renting the Plaza Theatre for a free kiddie show on Monday, December 22, to permit Moms and Dads to get in their last minute shopping unhampered by Junior.

These and other items all cost money. It is hoped that there will be enough raised again this year to carry through the plans. Last year, fresh out of the hospital, I was able to raise $2350 in the two weeks set aside for the campaign. If need be, I will get out again the first week in November and call on the business houses again. In the meantime, just send what you can here to the Chamber of Commerce office, 998 Hough Ave., Lafayette. I thank you.

C. R. JOHNSTON, Secretary,
Lafayette Chamber of Commerce.

THANK YOU

DEAR EDITOR:

We wish to express our sincere thanks to you for the outstanding publicity given us in The Sun. Day after day, people come into the Volunteer Bureau, having read about us in your paper, and want to do some kind of volunteer service.

Your help has enabled us to increase our program far beyond our highest expectations. Thanks so much.

Sincerely,
(MRS). JANE BURR
President

COMPLIMENT

DEAR EDITOR:

May I compliment you on your foreign policy and service station editorials. Being a Republican and in the real estate business, I am most sincere in saying that I believe your points were very well taken. Although I don't always agree, I believe that your editorials are of real value to community progress and interest.

Sincerely,

How Are You Going To Vote On Sheriff, Judge?

By HERMAN SILVERMAN

Today let's discuss the sheriff's campaign, and the congressional and judgeship races. For many months we have been carefully watching the sheriff candidates—Incumbent Harry Brown of Alamo vs. Challenger Walter Young of Lafayette.

Staff members have talked with them, listened to their speeches, read their literature. Last week I again interviewed each candidate in a lengthy "sweat" session. I purposely tried to get them mad, to find out what they really thought, what they will do, why they have done this or that. Frankly, I was real mean, particularly with Brown. The sheriff was accompanied by wife Dolly, at my request.

The diplomat at work

I gave Brown the toughest third degree he has ever been through. I asked him pointed questions as to liquor, family finances, his health, lack of administrative ability, the situation in North Richmond, department morale problems, distribution of patrol cars, alleged discrimination in assignments, need for able department heads, lack of staff meetings, prisoner transportation, civil and mileage fees, arguments with other county officials, his secretary's outhority in the office—on and on for two hours.

Frankly, Harry Brown is the world's greatest salesman, or our editors and I are awfully gullible.

The Sun is recommending Harry Brown for reelection.

This decision followed an interview with Walt Young and a second with his supporters the following day. Unfortunately, I did succeed in making Walt a little mad, and perhaps he was not at his best in answering questions.

How can it be improved?

I tried to find out specifically what Young would do to improve the sheriff's department and law enforcement, if he were elected. We went around in circles. The answers mostly were that Brown is doing a poor or terrible job and Young would do a good job.

(Young went off the deep end on a very important point. He said Brown was not responsible for keeping the county clean; but that ALL credit for this should go to District Attorney Collins. This is a little silly.)

Now let me say this: Walt Young is veteran law enforcement officer. He is a sergeant in the department. His friends have attested to his character and his honesty. He is sincere. He has had some experience in administration but not enough to show the public his ability. He would work hard.

The men in the department would prefer to see him elected because they like him better. Walt Young is a nice guy. He might make a darn good sheriff. We would not go wrong if he were elected.

It's good and bad

However, you can only vote for one man on the ballot and The Sun recommends Brown because he is the stronger of the two. Brown's record is good and bad. In many ways he has done a poor job. (But at his worst, his administration is better than his predecessor's—Sheriff Long.

On the other hand, law enforcement is good. The county is clean—no organized gambling or vice. This is the first time in many years (perhaps the only time in the county's history) that the county has been kept clean. Remember, the Senate Crime Committee and the State Crime Commission pointed to Contra Costa as one of the worst in the nation. And that was just a few years ago.

This in itself is enough to warrant the reelection of Brown. The sheriff is honest. He could have picked up $100,000 in bribes to look the other way. But I believe the Browns have a relatively tough time making ends meet. He told me that he has less money left over now as sheriff than he did as a lieutenant, because of expenses of being a public official.

What about the fees?

From January, 1955, to July, 1958, Brown deposited $24,431.24 that he legally could have kept. This is for civil fees and mileage. His predecessors kept the bulk of this money that came into their office. Brown, however, in the last campaign promised to return this money to the county.

He tells me he asked the supervisors for two more cars to serve civil papers, so patrol cars could be relieved for policing. He asked for a county car for himself rather than receiving mileage in his own car. (Supervisors drive county cars.)

These requests were refused, he said, so—in February, 1957, he put the civil mileage funds in a separate account, and bought three cars, paying insurance, maintenance, etc. This was cleared in opinions by the district attorney.

Last July, the sheriff informed the county that he would henceforth put civil fees into a separate account. Brown says the records of expenditures are open to your inspection. Remember, Brown can spend every cent of the fees any way he wants—even for his personal use. Under the law, the money is his.

Walt Young's position

Remember, Walter Young has publicly stated he will keep the fees for his own use, if elected. Last week Young told me that, since so many people feel strongly about this, he would change his mind and turn the funds over to the county—if he is provided with a car or given mileage.

Last week Brown said he would again deposit this money with the county, if it will take over his three cars and provide him with an aide.

This is a complicated situation—with a simple answer. The county should change the county ordinance as to the fees and take them out of the hands of the sheriff. I did not realize this is a county ordinance. Brown pointed out that the supervisors could and should do this. Simple? Yes, and let's campaign for this. How about it, supervisors?

Look in the first section of the paper for a story on fees, with Young's challenge and the answer.

Baldwin's voting record

In a recent column, The Sun endorsed Congressman John Baldwin. I printed Democrat Howard Jewel's criticism that Baldwin does not take a strong stand on national and international issues.

I talked this over with Baldwin and realized how foolish I was. **BALDWIN HAS VOTED ON EVERY NATIONAL AND INTERNATIONAL ISSUE THAT HAS COME BEFORE CONGRESS.** He is the only congressman out of 30 in California to have voted on every issue; he is 1 of 10 in the whole house who has recorded a vote on every issue.

In other words, other congressmen duck roll calls for varoius reasons. Baldwin doesn't—whether they are important or unimportant issues. Jewel has criticized Baldwin for this; Jewel does not criticize how he has voted.

Baldwin sent me a copy of his voting record on every foreign bill since he was elected. You may see it if you wish.

Here is a tough one

Betsy Rahn vs. Terry Ring for judge of the Walnut Creek Judicial District? This is a tough one and the pressure has been terrific.

Both are good people; intelligent, able, etc. Going on this assumption, we then think Mrs. Rahn has the edge because she is in the position to give up her law practice and to devote full time to the job—or as much time is needed. Without a law practice, there can be no question of "conflict of interest." This endorsement is based on the above issue.

This can be argued many ways and believe me, we have spent many hours hearing both sides. Wednesday Mrs. Rahn promised me she would actively discourage any attempt to force this into a Municipal Court. When it becomes a Municipal Court about 1962, then certainly other attorneys should consider running for the office in the '62 election.

Remember—Sun Candidates Night, next Wednesday at 8 p.m. in the Acalanes gym. See you then.

Heavy Grid Action Scheduled Tonight

Dons Open League Play Tonight With Piedmont

The Acalanes Dons open their league play for the 1958 season tonight when they travel to Piedmont High for an 8 p.m. game.

The Dons drew a bye last week while Piedmont came from behind to make their debut in the Foothill Division when they copped a 28-18 win over San Ramon High at Danville.

Piedmont rolled to three practice wins, then were tripped by the Alhambra Bulldogs, 9-6.

THE DONS lost to Alhambra 14-6 and then lost close decisions to Pleasant Hill and Diablo before pulling one of the season's major upsets when they toppled Pacifica High 27-6 two weeks ago.

Neither club is expected to be at full strength tonight, but Piedmont holds the favorite role due to better depth, a decided weight advantage and more experienced players.

Piedmont ace quarterback Steve Wilcox is on the ailing list due to a hip pointer, but chances are he will be ready for limited action tonight.

Other doubtful stars are Mike Miller, an end, and halfback John Griffith.

Matadors Meet Antioch At Miramonte Today

The Miramonte Matadors found the going a bit tough when they met Las Lomas in the league opener.

Today's game with Antioch at Miramonte isn't figured to provide as stiff opposition, but the chances are the Matadors will still be seeking their first varsity win when it is over.

Miramonte drew a bye in league play and Antioch will rate as a practice game.

THE ANTIOCH Panthers gave the Diablo Devils a go of it in their league opener last Friday night and while they were heavily outgained they gave a good account of themselves before losing, 12-0.

Antioch uses a Waldorf "T" formation and are effective on defense.

The Miramonte Matadors are erpected to start with a backfield consisting of Laurie Chappell at right half, Bill Brown at full, Bob Davis at left half, and Randy Thaman going at quarterback.

The Matadors have lacked depth and varsity experience is a problem for Coach Bob Brooks' charges as this is their first year of senior and varsity ball.

The game has a 3:30 p.m. starting time.

Knights Score Easy Win Over Miramonte Eleven

The Las Lomas Knights were picked as possible winners in the newly created Foothill Division of the Diablo Valley Athletic League and Miramonte for the cellar.

The two met last Friday afternoon at Orinda and the results proved nothing except that the dope articles were probably right as the Knights rocked and socked their way to an easy 33-0 win.

In fact, the Knights scored on their first play after the Matadors punted from their own eleven after the kickoff. Halfback Steve Moore took the punt and rambled to the one, then pushed it over.

Clark Ransome's conversion kick was blocked by Bob Hudson but he did wind up the afternoon by making good on three of five tries.

The Knights hit pay dirt twice in the first quarter. Moore tallied from three yards out, and quarterback Don Hopkins passed to end Dick Dodge for a 24-yard pass-run touchdown.

Knight reserves took over, and halfback Lou Miller scored twice in the second quarter.

The Matador defense improved in the second half as they held the Las Lomas reserves in check.

The Orinda eleven never did get a sustained offense going. They gained only 26 yards on the ground, five in the air. Las Lomas rolled up 213 on the ground, 60 by passes.

Dope Favors Knights to Beat Wolves

The San Ramon Wolves proved to have a bite last Friday night when they came up with a good performance to push Piedmont all the way before going down.

Tonight the Wolves take a short jaunt to Walnut Creek to meet the highly rated Las Lomas Knights, who had but a short workout as far as the regulars were concerned in dropping Miramonte 33-0.

The Knights will be favored but they did lose a pair of players when Randy Olson, regular end and first string offensive half Ken Bernhardt came up with gimpy knees which will sideline them for tonight's game.

Bob Gomez will replace Olson on offense while Mike Quinan goes on defense. Clark Harris was picked to replace Bernhardt.

Other than that all hands are ready and willing, according to Coach George DeKlotz.

Pleasant Hill Hopes For Upset Over Pitt Pirates

The Pleasant Hill Rams had a bye last week while their Junior Varsity opened league play when they dropped a 6-0 decision to Clayton Valley.

The Rams varsity opens with Pittsburg at Concord tonight and hope to upset the Pirates who as usual are in the role of favorites to cop the pennant.

LAST FRIDAY night Pittsburg won their opener but were forced to go all out to trim Pacifica of West Pittsburg by a 26-13 score.

As a matter of record Pacifica scored first to lead 6-0 and were out in front 13-6 at the halfway mark, only to have Pittsburg come back strong in the second half with a touchdown in the third quarter and a pair in the fourth while holding Pacifica scoreless.

Ram Coach Hal Briggs and his assistants witnessed the game and came away with the conclusion the Pirates are faster and have better balance than last year when the Rams came within seconds of upsetting them.

THE RAMS were struck a blow when defensive halfback Bill Locatelli came up with a charley horse and as a result is on the doubtful list.

Ram spirit is reported high and they have worked out straight through their bye week.

A newcomer who will see action is guard Jim Hinds, a junior who tips the scales at 160. He has been coming fast and will be used in tonight's game.

The Rams starting backfield will consist of Jim Maples at quarterback, Tom Webb at right half, Roger Leonard at left half and fullback Roger Foulk.

Game time is 8 p.m.

Matadors Victors In Cross Country

The Miramonte Matadors may be having a rough go on the gridiron but it's a different story in cross-country where they have undefeated varsity and junior varsity teams.

Paced by their ace Dixon Farmer, the Matadors posted a 19-43 win over Acalanes Thursday.

Farmer, taking first, cracked the Miramonte course record wide open when he toured the 1.9 mile in 9:32.

The former mark of 10:04 was set by the Acalanes runner, Leo Macfarlane, last year.

To date the varsity and J. V. teams have won over Pacifica, Las Lomas and Acalanes by one-sided scores.

In addition the varsity won a recent five-day meet at Hayward.

Undaunted Prof Blames Smog, Picks 'Em Again

By SOSS APPLE

It's a rough season for the crystal ball gazers and some of it may be blamed on the smog which seems to be infiltrating the Bay area—probably another Los Angeles plot!

Taking a look at the high school games on tap tonight:

Pleasant Hill opens with Pittsburg after drawing a bye last week.

Last year the Rams belted the Pirates in every department but the one where it counted most—in the score column. Pacifica gave Pitt a scare last week, and Pleasant Hill could do it again tonight. It's an upset win for the Rams, 20-13.

IN THE FOOTHILL Division the Miramonte Matadors draw a bye in league play but host Antioch this afternoon in a practice tilt.

The Matadors of Orinda hardly figure to win — no reserves will result in Antioch's win, 13-0.

In league play Acalanes plays at Piedmont. Acalanes rested last week while Piedmont had to come from behind to defeat San Ramon.

The Dons have thin ranks, but could be up for this one. They were up for Pacifica two weeks ago and waxed them. It's still Piedmont, 20-13.

San Ramon travels to Walnut Creek to face the sturdy Las Lomas eleven that rolls on like the proverbial steam roller. San Ramon will battle all the way, but Las Lomas' weight and experience will give them a 26-7 win.

IN COLLEGE CIRCLES Stanford faces UCLA and the Red Machine chalks up a loss—28-7. UCLA will pass when they can't run, while Stanford will do little of either.

Cal faces Oregon at home. Oregon was upset last week and will be rough. Cal needs this one to stay on top of the conference. Sentiment and not judgment calls it the Bears 14, Oregon 12.

College of the Pacific proved there is no sure thing in football when it was racked up Saturday night. They bounce back to take Marquette, 26-0.

The 49ers are far from a championship team and the Bears will prove it as they run, pass and field goal their way to a 32-17 win.

Announcement of the party date was by Mrs. Cano R. Baker, chairman of the hostess branch.

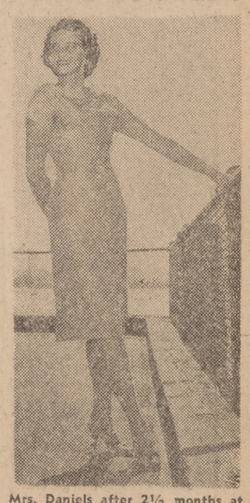
Mrs. Jessie Daniels San Lorenzo, Calif. 5'8", 180 lbs. Dress Size: 22



Mrs. Daniels after 2½ months at the Eileen Feather Salon: Weight: 138 lbs.; Measurements: 37½-25½-37; Dress Size: 13.

JESSIE DANIELS HAD A FIGURE PROBLEM

One day, looking at myself in the mirror, I realized I was being unfair to both myself and my husband by being so overweight. Every husband likes to take pride in his wife's appearance. I decided right then to do something about it. So I called Eileen Feather for an appointment.

EILEEN FEATHER HAD THE ANSWER!

When I had my figure analysis I was impressed by the warm and friendly atmosphere of the salon. The manager put me completely at ease as she explained what my perfect measurements would be.

She warned me not to buy any new clothes until I finished my program . . . and no wonder! In 2½ months my dress size came down from 22 to 13.

JESSIE DANIELS HAD A FIGURE PROBLEM!

I followed Eileen Feather's instructions to the letter. I lost 6 lbs. after the first treatment. In the 2½ months I lost a total of 42 lbs. and more than 49 inches in measurements. Now I not only have a lovely new figure but a wonderful new confidence in myself. My husband and I have never been happier.

Shake the can and prove it!

M·J·B's full-flavor roast means more measures to the pound — more flavor in every measure

See for yourself

Shake several cans of coffee before you buy. Other brands rattle—but not M.J.B! It's packed solid. Proof of more measures—and extra flavor, too, because . . .

Ordinary Roast / Fully-developed Roast

Fully-developed roast expands each coffee bean in M.J.B's rich blend. This brings out more flavor, and increases volume, too . . . gives you 2 to 8 measures more per pound.

Full-flavor grind makes each particle of M.J.B the right size for your coffee maker to release all the goodness . . . no large lumps to imprison flavor, no powder or chaff to dilute the goodness. Try M.J.B!

You can't make a bad cup of M·J·B

Outgrown Toys Sought By Area Christmas Bureau

"There are only 50 more repairing days until Christmas!" said Mrs. Arch Favors of Lafayette.

"The Christmas Bureau needs your outgrown wheel toys now! The Boy Scouts are ready to come to your home and pick up bicycles, tricycles, trucks, wagons, fire engines, kiddie cars, rocking horses and other toys in reusable condition," she said.

"Senior Citizens of Lafayette are ready with wrenches, grease and paint brushes. Look around your homes and garages today. Your toys will bring joy to a needy child in our community this Christmas," she continued.

"Call Mrs. Raphael Henrici and give your address. November 1 has been designated as collection day. Boy Scouts and Explorer Scouts of Lafayette, Orinda and Walnut Creek will pick up by appointment on that morning.

"They will also receive toys at the Louis Store in Lafayette, the Lucky Store in Orinda and the American Red Cross office at 1395 Civic Drive in Walnut Creek," Mrs. Favors concluded.

DON'T LET THIS HAPPEN TO YOU!

Who wants to be stuck for a NEW STATE SALES TAX ON FOOD? Or new and higher taxes on Gasoline? Or a new State tax on Homes?

Nobody—of course!

Yet State officials, business economists and tax experts agree that these are the almost certain results of passage of Proposition No. 17—the Monkey Wrench Tax Bill on the November 4 ballot.

No. 17 is called the Monkey Wrench Tax Bill because it would wreck the machinery of State government by its irresponsible tax tinkering.

By reducing the State's chief source of revenue—the sales tax—No. 17 would imperil appropriations for schools, hospitals, aid to needy children and the aged. By hiking California income tax rates to the highest in the nation, No. 17 would drive business from California and threaten job security.

Who'll pay to put the pieces together again if the Monkey Wrench Tax Bill strikes? Middle and lower income bracket people would pay the most—through new and more burdensome substitute taxes at both the State and local levels. Don't let it happen to you!

These, and hundreds of other responsible California organizations agree:

Vote NO on Proposition No. 17

Northern California Committee Against Proposition No. 17 • Flood Building, San Francisco
Co-Chairmen: Senator Hugh Burns; Assemblyman Caspar Weinberger

What's 'Good' about "The Good Old Days"?

The proponents of Proposition 18, the so-called "Right to Work" initiative, would like to take California back to the "good old days." If Proposition 18 becomes law, Californians will discover that the "good old days" are a myth.

The average man—especially the California worker—is better off in every way than the worker of 20 years ago.

First of all, he makes more money—not just a bigger paycheck but a paycheck that BUYS MORE.

For example, the California worker in manufacturing in 1940 earned an average of $28.64 per week as compared with the current figure of $92.89—better than a 300% increase!

Secondly, for more money and more things today's worker spends less time on the job—an average of 5% a week less, according to the Bureau of Labor Statistics.

The advantages can't be measured in dollars alone. Think of the security benefits that have been won over the bargaining table since those "good old days." Paid vacations—insurance benefits—workers' compensation—child labor laws—overtime pay—industrial safety measures—retirement plans—are all "extras" which we take for granted.

You are being asked to return to the "good old days" when the worker was virtually denied the right of effective association—when profits for a few were high and the pay for the many was low—when the merchant and the doctor had to wait on workers who couldn't afford their goods or services. All this is promised under a beguiling phrase called "Right to Work."

The fact is that the California worker never had it so good! A "Right to Work" law would give us the old days WITHOUT today's tremendous advantages. Vote NO on Proposition 18. Last on the ballot—first in importance!

The Citizens' Committee Against Proposition 18
Joseph Smith, Chairman, urges you to

Review Party Is Planned

A Fall Preview Party next Sunday from 4-7 p.m. at the Diablo Art Association Rental Gallery, 1545 Locust Street, Walnut Creek, will launch a complete new selection of paintings.

Since the Rental Gallery's inauguration this past spring, extensive interest has been exhibited in its low-cost monthly rental plan. Homeowners and businessmen have found they can change the mood of the living rooms and offices at will and when they find the "just right" picture it can be purchased from the artist.

This new showing by Bay area artists features all original works. Among those whose paintings will be represented are: Jade Fon, Betty Pleshe, Jonathan Batchelor, Louis Gutierrez, Yvonne Herbert, Diana Monk, Doris Whipple, Nell Hirschkind, and Dorothy Miller.

For further information regarding the Fall Preview or the Gallery, which is located in the Suburban Carpet Store, contact Al Moglich, the owner, or Mrs. Mona Williams, YE 4-4732, or the Exhibit Chairman, Mrs. Mary Kwiat, YE 4-5063.

WEATHER
Freezing weather need not be a menace to your automobile. Have your car checked by a professional mechanic and you need not worry when the season's change. It pays to have a car that is sound in body and engine.

Girl Scout Director

Mrs. Martha Sayre joined the staff of the Diablo Valley Area Girl Scout Council October 15 as field director.

Mrs. Sayre served as a district director in both the Glendale-Crescenta Valley California Girl Scout Council and in the Oakland Area Girl Scout Council. During the summers she served as day camp director.

She is a graduate of San Jose State College.

Mrs. Sayre will work directly with Mrs. Ernest Fernsten, second vice-president and chairman of the field committee, and Mrs. Janice Bonner, organization chairman.

Mrs. Sayre will give particular attention to the 32 neighborhood service teams responsible for servicing the 314 Girl Scout troops with 4049 registered Girl Scouts.

Also serving on the staff of the Council are Miss Mabel Bunneke, executive director; Miss Elsie Buchwald, camping adviser and director of Camp Sierra Woodlands; and Mrs. J. Orr Kyle, program and training adviser.

Mrs. Robert Freeman of Lafayette is the president of the Council, a member agency of the United Bay Area Crusade.

Orange County Man Takes Civil Defense Leadership

Will H. Perry, Jr., 32, of Orange County has been selected as director of the Contra Costa County Office of Civil Defense and Disaster. Perry will assume his duties about November 17.

Born in Los Angeles, Perry graduated from Los Angeles High School and from the University of California at Davis with a B.S. degree.

Since July, 1957 he has been deputy director of Civil Defense, County of Orange, at Santa Ana, where the office of civil defense is a direct function of the Board of Supervisors.

Perry served in the Army as a commissioned officer from June, 1951 to June, 1954. He is married and has a daughter and two sons.

The recent action of the Board of Supervisors on September 16, made the Contra Costa County Office of Civil Defense and Disaster a division of the County Administrator's office.

This action was taken to conform to national and state emphasis that civil defense and disaster preparedness is a continuity of every day government and also recognizes current organizational practice in the administration of these functions.

In making civil defense a division of the County Administrator's office the county civil defense structure is strengthened, leaders say.

It will have broader opportunities for advance planning and increased capabilities for acting in emergencies caused by enemy attack or major natural disaster.

Civil defense is also the coordinated efforts of all county and city departments and other organizations such as Red Cross, schools, churches, industries, all forms of communications, transportation, etc., to make the best possible use of resources to combat disasters, they add.

The Contra Costa County Office of Civil Defense and Disaster will continue to operate from its present headquarters at 2130 Arnold Industrial Highway, Martinez.

It doesn't pay to blow your horn when you are not sure what the other driver is thinking about. Slow down first, then blow your horn.

School Office Employees Hold Installation

The School Office Employees Association of Contra Costa County held its first meeting of the new school year on October 7, at the Walnut Creek School. May Johnson presided.

Because of resignations during the summer, Mrs. Johnson, of Walnut Creek Schools, Alice Treece of the Pleasant Hill High School and Ruth Alford of the Walnut Creek Schools were installed as president, vice-president and treasurer, respectively.

President Johnson announced the names of her committee chairmen and presented Frances Wauchope, formerly at Los Lomas High School, with a gift of appreciation.

Mrs. Beatrice Edgar presented the speaker, Mrs. Lucille Mauzy, a member of the County Board of Education.

AMAZING RESILIENCE— Saddle Rock carpet resists matting and packing. Its continuous-filament, lofted yarns "bounce" back . . . even in traffic areas. Stands up under typical household punishment and heavy footmarks.

CAREFREE BEAUTY— Saddle Rock is permanently mothproof . . . most common stains come out in a jiffy . . . lint and dust do not cling to the smoother surface of Chromspun yarn . . . vacuuming removes them easily.

INVESTMENT VALUE— No doubt about it! Saddle Rock is Chromspun carpet of the highest quality because it's crafted by Gulistan—with years of skill and experience in fine carpet making. Long lasting satisfaction is yours!

Ingalls Warns That Glib Talk Doesn't Sell Land

"When you are glibly urged by an out-of-town stranger to pay in advance a fee to assure the certain sale of your real property at a figure above what you believe it to be worth through extensive national advertising, call the Contra Costa Real Estate Board before you sign any contract," said Allan Ingalls, past president of the board.

"You may save yourself from becoming the victim of racketeers who have cheated thousands of property owners of an estimated $25 to $50 million a year with the result that a Congressional committee has just held hearings with a view to making the racket a federal criminal offense," he added.

Ingalls continued that he is not cautioning against reputable firms and brokers who sometimes charge an advance fee during a real estate transaction and who do, indeed, perform the services—including the advertising—stipulated in the contract they offer and the oral presentation of their representatives.

FIRMS of this reliable character include many of the most prominent in the real estate field and are well known to Realtors.

His warning was directed at persons—usually unlicensed real estate brokers — who operate across lines despite the vigilance of state real estate commissions.

Operators of this character, Ingalls said, act as "finders of business opportunities" and, to a lesser extent, real property.

To help Contra Costa residents be on their guard against possible advance fee racketeers, Ingalls gave the following general description of their technique.

THE SALESMEN of such firms approach owners of commercial properties, farms, and even homes, orally promising fast sales at unrealistic prices through a far-flung, coast-to-coast service. Then they make their 'touch'—a preliminary fee to 'help defray the heavy expense of national advertising and traveling to contacts.'

"This advance fee is often one per cent or more of the sales price, which the representatives pull out of the air without any study of the assets or appraisal of the business or property. They frequently add a few thousand dollars to the asking price established by the owner. With flashy catalogues, fancy engraved performance bonds, letters of endorsement, and other sales gimmicks, they are able to talk the uninitiated owner into parting with anywhere from $125 to $3000, he said.

"A close examination of the papers presented usually discloses that the so-called brokerage organization guarantees only to advertise the property—a far cry from the oral promises of quick cash sale by the representative.

IF THE owner hears at all from the firm again, all that he generally receives is one or two classified ads in a newspaper, a worthless listing in a catalogue, or vague excuses for the inaction."

When in doubt while driving—slow down.

On The Lighter Side

Hundreds of stunningly dressed, enthusiastic women turned out for Heidi's annual luncheon-fashion show at Castlewood last Thursday—and, as predicted, it was truly outstanding!

"Thru the Looking Glass" is always noted for its elegance and good taste and the costumes shown by Saks Fifth Avenue, again this year, were breathtakingly dramatic.

The models chosen are such a delight to watch—completely poised, well groomed, and radiant. From our side of the tunnel they were—the Mmes. Jack Campbell, Bernard Ginsburg, K. T. Goeppert, Jr., Robert Goodale, Calvin Hagstrom, Walter Markstein, Don Thompson, James B. McGuire, Philip Muscheid, James Newcomb, Robert Pierson, and C. Wadsworth White.

A delightful little Heidi . . .

Mrs. Newcomb's daughter, Sarah, was delightful as the theme girl—looking exactly as one would have "Heidi" look. A delicious lunch was served at long tables which were trimmed with colorfully costumed dolls standing on mirrors. Scarlet programs, looking as if they had been designed by Toulouse-Lautrec, were at each place as were a variety of favors.

General Chairman Mrs. J. L. Hicks looked THAT chic in a slim black empire frock—her bonnet a sleek cap fashioned of vari-shaded pink, satin petals. No one among the huge throng should have won the gorgeous three skinned Norwegian Blue Fox stole more than Mrs. Robert Bignami. She is tall, slim and beautifuland was wearing a stunning peri winkle blue, long sleeved sheath and matching cloche and when THAT stole was draped on THAT gal there was thunderous applause.

Don't know about you — but I've never before seen anyone win one of these luscious furs upon whom it looked JUST RIGHT! Offering congratulations and seated at the same table with Mrs. Bignami were the Mmes. Chris Zacker, Robert Agnew, J. B. Castle, Charles Neuman, George Church, Ted Hunt, Fred Schoenemann and William Picard; all in the heighth of style.

At another table were Nell Wilkie, Lorraine Ellis, Wanda Thomas, Liz Stellmacher, Pat Mackewicz, Marion Ehlers, Winnifred Warren, (looking oh! so sophisticated in creamy beige.) Norma Loewenfells, Doreen Graves and Ruth Magee—dreamy in all electric blue. All of the latter group were from Danville and Walnut Creek.

Just everybody enjoyed themselves

Mrs. Sherm Sibley was there (in a tailored blue suit and an outstanding pill-box hat in shades of white, blue and green and trimmed with a red-dotted veil) as were Mrs. Ken Sleeper, Emily Thompson, Marge Ageno, Carolyn Erickson and Mrs. Robert Horner. Very special plaudits to Jean (Mrs. James) McGuire who did such a nice job of modeling. Jean is the daughter of the Fred Costello's and her mother, Nell, is one of the hardest working of the Heidi members and was their president about three years ago.

Marion and Ken Ehlers and their son, Gary, have returned from a six weeks auto trip during which they visited many places of interest but especially enjoyed stays with Marions parents in Gainesville, Georgia and at Ken's home in Nebraska.

The Orinda Country Club was the setting for the Olive Branch's "Autumn Vintage" affair the other day and was a glowing sight due to artfully arranged groupings of vintage bottles, colorful grape leaves and scads of chrysanthemums. Mrs. Sam Barry was the commentator for the show presented by the "Evelyn Kay Shop" in Montclair. Spotted here and there were the Mmes. Paul Wiley, Joseph Murphy, Semour Dudley, George Crary and Lorene Budd. Ellen and Sam Bradbard gave a lovely pre-cotillion party in their new Reliez Valley home.

Some of their guests were the Sam Contis, Bob Wisecarvers, Don Priewes, Bob Cuenins, Norman Watsons, Bill McLarens, Bud Wanouses, Charles Rodiers, Phil Knoxs, Bill McGuires, Gerry Balls, Larry Dodges, Dave Purringtons and George Monheits.

The Legal Aid Society's recent fashion show, held at the William Cavalier home in Piedmont, drew several Contra Costans including Betty White, Irene Malley, Joan Knox, Marie Knight, Patty Channel, Moreen Styles and Nancy Keane.

A lot of fun, but poisonous!

Joan and Phil Knox spent a week-end hunting at the Milias Ranch near Gilroy and had loads of fun but poor Joan came home with a rampant case of poison oak.

Dr. and Mrs. John Gallagher flew to Chicago a week ago where John attended an Opthamology meeting and they both attended many "fun-functions." Marge and Gerry Ball are now in Arizona attending two meetings—one in Tucson and the other (poor things!) at Camelback Inn near Phoenix.

Thirty six Alpha Delta Pi members turned out for their first fall luncheon at the Phil Knox home. Co-hostessing with Joan were Helen Anderson, Marian Cooper and Ladene Hudson. Mrs. Richard Doolin is the sorority's new president.

'Tis just about time for the goblins to emerge from hibernation again and here is news which should appeal to you as an adventure for your whole family, your Cub Den, your sprightly Brownies or ANY group. The Foothill Branch of Children's Hospital is offering a "Haunted House" on the corner of Cedar and Henry in Berkeley. This rambling old 15 room house is slated for demolition but will enjoy three days of gory glory before extinction. U. C. sororities and fraternities are taking over decorating the rooms and prizes will be awarded for the most spine-tingling. Members have been spending hours on posters and such and some of the paint-smudged gals from our area are the Mmes. Patrick Cunningham, Peter McCullough, Steven Shutt, Warren Brackett, Bruce McCreary, Robert Luhr, Robert Holm and George Williams. Dates are October 29, 30 and 31 and hours are from 3:30 to 9:30 p.m. Tickets are a mere 50c for adults and 25c for youngsters. Sounds like good witch-craft and if you think so too call Niki Williams, YE 4-2361 for tickets and more information.

Just go out and create a tree

Mrs. Edward Lazzareschi is hard at work designing and fashioning a tree which will be the Mt. Diablo Therapy Center's entry at the Christmas Festival of Trees opening at the Claremont Hotel December 3. Ardith will also display a tree at the Towhee Tinsel Tea Dec. 2. This one will represent the Flamingo Unit of the Center.

Mrs. Eugene Ingall's mother, Mrs. Henry Stahls, will be spending the winter in the Ingall home. Mrs. Stahls is from Berlin, N. H. The Charles Bowers, Keith Twitchells, Jack Buffingtons and Victor Cranes combined forces for a lovely evening which included dinner at Fort Mason and attending "Marriage-Go-Round" at the Alcazar Theatre.

More news later on such successful functions as the party given by the St. Perpetua Guild, the tea by the Diablo Women's Garden Club and the fashion-show by the Laurel Juniors—BUT, seein' as how this column is for the benefit of the Mt. Diablo Therapy Center, and I've scarcely mentioned it, I'll close with this:

An attractive new member on our staff is Patricia Mackewicz, a social worker who received her degree at the University of Oregon, but was born and raised in San Francisco. Pat's husband, William V. Mackewicz is from Chicago but graduated from Stanford University and is a mechanical engineer at the Aero-Jet General Nucleonics firm in San Ramon—the one we've been hearing so much about lately.

Pat and Bill have lived in Danville for the past seven years. They've just returned from a week's vacation during which they visited relatives in Chicago and Nashville, Tenn. Pat's sister, Mrs. Dayton Phillips, is active in the League of Women's Voters in Nashville and Mr. Phillips is a professor of history at Vanderbilt University.

Mrs. Fernsten's Oriental garden will be the scene for exhibits which will include drawings selected from the Saturday morning art classes held at the Glorietta all-purpose room, photographs of Linda Robinson's modern dance classes, work from Doris Frazer's adult painting class, and designs done in the Pebble Art group held at Mrs. Peter Ratcliff's home last spring.

St. Timothys Bazaar Will be November 12

"Christmas Gift Bargains Unlimited" will be on display at next month's annual Christmas Bazaar.

For the benefit of business men and early shoppers, luncheon will be served from 11 a.m. to 3 p.m.

Miller Endorses Jerome Waldie

State Senator George Miller, Jr., Contra Costa County, today endorsed the candidacy of Jerome R. Waldie for Assembly, 10th District.

"It has come to my attention that a retiring member of the Legislature recently endorsed the Republican opponent of Waldie.

"Although I have made a practice of not publicly endorsing Assembly candidates, I feel that the action of this retiring member compels me to publicly state my sincere belief that Waldie is best qualified for the task of representing the 10th District in the State Legislature.

"I have no doubt that his election will benefit this district and I urge the voters of the 10th District to join with me and support Waldie for Assembly," Senator

Higgins Gets Morrison Push

Harry L. Morrison Jr., representative of Contra Costa County five-county San Francisco Bay on the board of directors of the Area Rapid Transit District, secretary-treasurer of the Contra Costa Transit Council, and member of the Contra Costa County Rapid Transit Liason Committee, today issued a statement giving his support to Neal Higgins of 1785 Liveoak Avenue, Concord, in his race for the directorship of Ward II of the Alameda-Contra Costa Transit District.

Morrison stated, "it was high time that the board of directors from the two-county district had representation from the Concord and Pleasant Hill area, instead of being confined almost entirely to representation from Alameda County.

"Higgins has the qualifications needed, not only through his academic training and experience but also because he has the viewpoint of the residents of the central county area which has been lacking in the considerations of the district to the present."

Demo Women To Honor Wives Of Candidates

The Democratic Women of Contra Costa County will entertain Mrs. Clair Engle, wife of the Democratic candidate for United States Senate, and the wives of local Democratic nominees at a tea at the home of Mrs. Louis Pitto of Walnut Creek tomorrow afternoon.

Sharing the status of honored guest with Mrs. Engle are Mrs. Howard Jewel, wife of the Democratic candidate for Congress from Contra Costa and Solano Counties; Mrs. Jerome Waldie, wife of the Democratic 11th District Assembly candidate; and Mrs. S. C. Masterson, whose husband is a candidate for reelection to the Assembly from the 11th District.

Pouring at the tea will be Mrs. George Miller Jr. of Martinez and Mrs. Douglas Page of Walnut Creek.

At the tea Mrs. Engle, whose husband has been a member of the California Congressional delegation for the past 15 years, will speak on "A Woman's-Eye View of Politics."

Mrs. Sallie Hoff of Walnut Creek is general chairman in charge of arrangements for the affair. Assisting Mrs. Hoff is a committee of Democratic women who will also serve as hostesses for the tea.

Serving as hostesses will be Mesdames Emmett Thompson, Charles Chase of Walnut Creek; Mrs. George Johanson of Alamo; Mrs. Richard Stansberry of Danville; Mrs. John H. Cusack of Lafayette; Mesdames James Benney and Ralph Reid of Orinda; Mesdames R. Stephen White and Frank Haygood of Pleasant Hill; Mesdames Craig Randall, Paul Katz and Tony Silva of Concord.

300 Demos Hear Muskie

Three hundred Contra Costa and Solano County Democrats heard Governor and Senator-elect Edmund Muskie of Maine call the dreams of the one and a half billion people in the underdeveloped areas of the world "the greatest explosive force in the world today."

Muskie spoke at a $15-a-plate dinner at the Concord Elks Club Saturday evening honoring Howard Jewell, Democratic candidate for Congress.

In remarks preceding Muskie's address, Jewel attacked his Republican opponent, John Baldwin, for failing to take a stand on any issues except highways and floods. Jewel challenged Baldwin to make known to the voters his political philosophy and his position on Proposition 18 and on the governorship contest.

Assembly candidates Jerome Waldie and S. C. Masterson urged a "no" vote on Propositions 16, 17 and 18. Waldie said that "in failing to take a stand on these propositions the Republican Party lost any right to the support of the people of California."

Muskie, the first Democrat to be elected to the U.S. Senate from Maine in 47 years, told his audience that the peoples of the underdeveloped areas want what everyone else in the world wants—"conomic opportunity, greater opportunity for their children, and a life of dignity and self-respect." "If we don't help them, we are the enemy—it is as simple as that. This is the stark issue of our times," he said.

Alcazar To Show 'Edwin Booth'

Edwin Booth, the 19th century's Prince of Players whose life Jose Ferrer recreates in Milton Geiger's new play, "Edwin Booth," coming to the Alcazar Monday for a three week engagement prior to Broadway, had his earliest successes in California, specifically in Sacramento and San Francisco, long before he was acclaimed in New York.

In his memoirs Booth thoug of California as the magic land of new beginnings (for it was here in the early 1950's that he achieved stature of his own, quite independent of his father, English-born actor Junius Brutus Sr.) and the golden land at the end of the rainbow.

Transit District Official Brands 'Bail Out' Charges

Claims that the Alameda-Contra Costa Transit District was organized to "bail out" the Key System were branded Wednesday by an official of the district as a "pack of medieval wives-tales."

Alan L. Bingham, public information manager of the district, speaking to members of the Reliez Valley Improvement Association, said half of the district's operating fleet will be brand new equipment.

"OUT OF THE total bond issue amount of $16,900,000, nearly $8,000,000 will be spent for new, modern equipment that we believe is essential to help bring people back to public transit," he said.

Bingham conceded the district plans to buy some Key System equipment and other facilities. This amounts to 276 postwar diesel buses, and three maintenance and storage yards located in East Oakland, Emeryville and Richmond.

The estimated value of Key's buses and all of its bus maintenance terminals totals $7,100,000.

"THERE ARE about 300 additional Key System gasoline driven buses, however, that we don't want and do not plan to buy for reasons of obsolescence," Bingham added.

He said that a fleet composed of both new and used equipment is essential from a dollars-and-cents standpoint.

It would be "economic suicide" for the district to buy all new equipment at one time, and then be faced with the "tremendous financial burden" of having to replace that fleet of 650 buses all in one year when the buses are worn out, he said.

"Most businessmen know that sound financing requires an annual amortization program, with equipment replacements scheduled from year to year, rather than lumping them altogether all at one time."

BINGHAM ADDED that at least half of the bus fleet would make only two trips a day—during the morning and evening rush hours. It would be senseless to have brand new equipment wasting away in the yards except for two runs every 24 hours, he said.

The used buses, including 40 to be purchased from Western Greyhound lines at a cost of $400,000, will be completely modernized and refurbished.

The inexpensive but thorough rehabilitation and colorization program will sufficiently improve these buses to augment the new equipment during rush hour service, Bingham said.

TO ASSURE a fair market price of the Key System equipment wanted by the district, the State agreed to conduct a valuation and agreed o conduct a valuation and set a price tag on the equipment and properties, Bingham pointed out.

"This is the first legal step in a formal condemnation proceeding against Key, he added.

The bond issue mentioned by Bingham is the measure known as Proposition B which directors of the district have placed on the November 4 ballot.

Passage of the $16,900,000 issue would allow the district to acquire equipment and replace Key System and Western Greyhound with a program of expanded and improved public transit, he concluded.

Women at the Orinda Country Club posted the following scores in a "throw out three holes" tournament:

Constitution Is Program Topic Next Sunday

The Constitution will be the center of an hour's observation on American Heritage Day, next Sunday afternoon. Sponsored by 20 Contra Costa organizations, a program of music and speech will be presented in the Student Activities Building, Diablo Valley College, at 3:30.

The public is invited. Refreshments will be served.

Participating on this year's program will be the Diablo Valley College A Cappella Choir directed by Dr. J. Philip Dalby and two student speakers, Al Locatelli, Diablo Valley College, and Miss Crystal Eastin, Contra Costa College.

George R. Gordon, president of the Governing Board of the Contra Costa Junior College District, will preside.

Future American Heritage Day programs will honor other aspects of the American tradition such as the free enterprise system, the labor movement, the public schools, freedom of worship and freedom of the press.

Cooperating in the development of American Heritage Day are Masonic Lodges of Eastern Contra Costa County; The Contra Costa Historical Society; Contra Costa County Bar Association.

Thirty-Second District, California Congress of Parents and Teachers, Inc.; Central Labor Council of Contra Costa County; The Industrial Association, Pittsburg - Antioch - Nichols Area; Daughters of the American Revolution.

Poet Will Speak At St. Mary's

One of America's finest poets, Babette Deutsch, will appear in a single lecture at Saint Mary's College on October 27, under the auspices of the Committee on Lectures, Art and Music.

Topic of Miss Deutsch's lecture will be "American Poets at Mid-Century", a subject she is particularly well-qualified to discuss. Her noted book, "Poetry in Our Time," has been hailed by critics as "the best book, the most able, the most readable that has yet been written on the poem in its modern phase" (William Carlos Williams) and "an excellent job in judgment, insight and presentation" (W. H. Auden).

The lecture at Saint Mary's, one of a series Miss Deutsch is making in the Bay area, will be the only one based on the announced topic "American Poets at Mid-Century." Students and the general public are cordially invited to attend the lecture, which will begin at 8 p.m. in De La Salle Lounge on the Saint Mary's College campus.

Contra Costans Will Discuss Boys Center

Forty-five men from 13 California and Nevada counties will meet in San Francisco Thursday for a general meeting of the board of directors of Hanna Boys' Center, the Western "boys' town" near Sonoma.

Contra Costa County will be represented by Robert P. Raskob and Donald L. Dullum, Orinda; John P. O'Shea, Lafayette, and Peter M. Filice, Richmond.

Junior League Proteges Study Volunteer Work

By MARIE MONAHAN

Since September 23, the provisional proteges of the Oakland Junior League have been a bevy of busy young women. The extensive volunteer training course, the purpose of which is to acquaint the new members with volunteer opportunities in the East Bay and Contra Costa County and to give them a broader knowledge of the entire makeup of their communities, is under the direction of Mrs. William Mutch Jr. of Orinda.

Among the 41 Provisional and Transfer members who are attending the two morning sessions weekly for a seven-week period are Contra Costa provisionals Mesdames Alan Brooks, Peter Dolliver, Munson Everett, William Hobbs, Stephen K. Jones, William Love Jr of Lafayette; Mesdames Thomas Fitch, Gordon French, Glen Noyes, George Simpson, Heber Smith, Charles Snook, of Orinda; Mesdames James W. Edwards, Tudor Jones Jr. of Walnut Creek. Transfers from other leagues include Mesdames John D. Nunan, Jack Johnston, John McMahon, John Pitcomb, all of Lafayette, and Mrs. A. C. Rawson of Orinda.

SEVERAL OF the sessions are being held east of the tunnel hereabouts, beginning with "Agencies and the Volunteer in Contra Costa County," to be discussed by Mr Harmon Howard of Walnut Creek and Mrs. Gerge Planz, executive director of the Volunteer Bureau.

Mel Nielson, County Supervisor, will lecture with the Oakland city manager, Wayne Thompson, during a session on government while Joseph Sheaff, superintendent of Orinda schools, will join Dr. Forrest Mitchell, assistant superintendent of Oakland school, on "Public Educat

On Oct 21, county-side members will journey to Juvenile Hall in Martinez to hear Mrs. Barbara Champion, Volunteer Service director; Mr. Ted Cunningham, Probation Department and Mrs. Genevieve Hoffman, principal of Juvenile Hall school. In order to acfuaint the class with the need for the benefits reaped from public recreation will be Frank Isola, physical education director and recreation director of the Orinda schools, who will speak with Mr. Owen Jones, general supervisor of recreation for the City of Oakland.

Unified District Education 'Pluses' To Be Discussed

How many unified districts might be formed in the area of Acalanes Union High School District and what would be the financial and educational advantages? are questions which the Contra Costa County School District Organization Committee is attempting to answer at a series of meetings this fall.

The augmented committee, including the governing boards of the component school districts in the area, recently heard Jack K. Swoboda of the State Department of Education discuss unification in the light of the state building aid program at Acalanes High School.

Next Wednesday at Acalanes, the committee will be addressed by Dr. Edgar L. Morphet, professor of education at the University of California, on the educational advantages of a unified district.

At the following meeting the committee will consider the possibilities of forming three or four unified districts and the effects educationally and financially.

Swoboda noted in his discussion with the committee that repayment of state building aid loans would remain about the same under unification. All of the component districts except Canyon are already bonded to capacity.

Leveling of the bonds, pooling all bonded indebtedness and levying the same bond tax rate areawide, would be exceedingly important in the future, however, since would have the effect of keeping the area close to its bonding capacity and hence eligible without much bond increase to receive state building loans.

Swoboda concluded that any proposal the committee might make for unification should contain a recommendation for the leveling of outstanding indebtedness, inasmuch as leveling would have little effect on state aid repayment but would be of considerable benefit to future building programs since the area would not have to bond so heavily to qualify.

Districts in the area under study are Acalanes Union High School and the elementary districts within it, Canyon, Lafayette, Moraga, Orinda Union and Walnut Creek.
